SHAHID MAHDAVI EDUCATIONAL FOUNDATION

AN IB WORLD SCHOOL SINCE 2012

SMEF is a multilingual community that mirrors the world of the 21st century where the leaders, teachers, students, parents, and administrators work collaboratively to nurture caring and knowledgeable citizens. Our community members strive to think critically, communicate, and act both locally, by reflecting our cultural values, and globally, through intercultural understanding and respecting different perspectives.

To this purpose, our programs emphasize on individuals' needs by implementing differentiation, conducting rigorous assessments, and promoting self-reflection.

In our community, it is learners who construct meaning through an inquiry-based holistic approach fostering a lifelong passion for learning. Their main concern is to strive for a better world as responsible global citizens.

**LEARNING TO GROW,
GROWING TO LEARN**

UNIVERSITY ADMISSION

The International Baccalaureate® (IB) enjoys a high level of respect and recognition among the world's higher education institutions.

Success in the IB often results in advanced standing, course credit, scholarships, and other admissions related benefits at many universities.

The IB ensures students get the recognition they have earned, as well as to examine and further develop the programmes to make sure the best preparation for university studies and life beyond is offered.

The Diploma Programme Core

The extended essay (EE) requires independent research on one of the DP subjects they are studying.

Theory of knowledge (TOK)

Students inquire into the nature of knowing and deepen their understanding of knowledge as a human construction.

Creativity, activity, service (CAS) helps students to develop their own identities in accordance with the ethical principles embodied in the IB mission statement and the IB learner profile.

CURRICULUM COMPONENTS

DP students must choose one course from each of five subject groups delivering a breadth of knowledge and understanding in:

Language and literature
Second language
Individuals and societies
Sciences and mathematics

Furthermore, students must also choose either an arts course from the arts group or a second course from one of the other subject groups

Subjects offered at our school

Group 1: English/Persian A

Group 2: English/French/German ab/B

Group 3: Bus. & Man. / Psychology

Group 4: Biology/Chemistry/Physics

Group 5: Mathematics Analysis & Approach

Group 6: Visual Arts

All subjects are offered at both High & Standard Level.
